PARKERVILLE
STEINER COLLEGE

Parkerville Steiner College invites applications for a

Maths Teacher

High School

Commencing T1 2027

Part-Time (approximately 0.6 FTE)

Are you seeking an inspiring teaching role in a supportive and vibrant environment?

Parkerville Steiner College, situated in the Perth Hills Western Australia, is welcoming passionate Maths and Science educators to our dynamic team.

Why Join Us?
At Parkerville Steiner College, you'll find a unique opportunity to teach in an environment that prioritises meaningful relationships over technology, where student behaviour is generally positive and manageable, allowing teachers to spend the great majority of their time doing what they came into the profession to do - teaching, engaging and inspiring young people.

You'll enjoy:

- **A Balanced Workload:** No after-school sports commitments or early-morning meetings.
- **Professional Growth Opportunities:** Inspiring professional development with a balance of academic, artistic, and practical elements.
- **Minimal Behaviour Management:** Teach motivated students in engaging classes that allow you to focus on what you love - teaching.
- **Mentoring and support:** If you are new to Steiner Education, your timetable will include Pedagogical Studies, and access to a mentor.
- **Ample DOTT Time:** Ample time for non-instruction tasks to support your work in the classroom
- **Serene Natural Setting:** Drive away from the traffic into the beautiful Perth Hills, just 20 minutes from Midland.
- **Practical Classroom Support:** A dedicated EA for Main Lessons.
- **Financial Benefits:**
  - Competitive salaries similar to DoE pay rates.
  - Salary packaging options to boost your take-home pay.
  - Relocation assistance available for quality interstate candidates.
- **Employee Wellbeing:** Access our Employee Assistance Program for additional support.

The Role
As Maths Teacher, you'll teach Main Lesson classes across the secondary years. This immersive teaching model allows students to engage deeply with academic, creative and practical learning. The ability to teach some Science is desirable but not essential.

- **Main Lessons** are extended teaching blocks, usually taught each morning over several weeks, allowing students and teachers to explore a particular mathematical concept in much greater depth. In Mathematics, this allows time to develop concepts carefully, explore patterns and applications, and build genuine understanding rather than simply moving quickly from one topic to the next.

Students do not participate in WACE subjects; however, the Steiner curriculum is aligned to the WA Curriculum.

About Parkerville Steiner College
Located in the picturesque Perth Hills, Parkerville Steiner College offers Years 7-12 in 2027. We take a holistic, low technology and relationship-focused approach to education, creating an inspiring and supportive environment for staff and students alike.

We welcome educators from all teaching backgrounds, providing mentorship, guidance, and on-the-job training to help you thrive in the Steiner pedagogy.

People currently fed-up with the assessment driven curriculum approach of some schools can rediscover their passion for teaching. Don't quit the profession, change employer!

What We're Looking For:
- A genuine passion for teaching and inspiring young people.
- Strong knowledge of your subject area, with a willingness to embrace Steiner pedagogy.
- A collaborative, open-minded approach to working with colleagues and students.

Essential Requirements:
- Current TRBWA teacher registration.
- Current Working with Children Check.
- Right to work in Australia. (Please note there is no sponsorship available).

DOE Teachers Welcome
If you're currently employed by the Department of Education (DOE), this is your chance to broaden your teaching experience. Consider applying for a one-year leave without pay to explore this opportunity risk-free.

How to Apply
For more information or to discuss the role, contact:
Hayley Spracklen, Head of Campus hspracklen@pws.wa.edu.au, or call the office on: (08) 92954787

To apply, please send your CV and cover letter to pscemployment@pws.wa.edu.au.

Applications close at **4pm on Thursday 12th November 2026.** However, we reserve the right to fill the position earlier or re-advertise if necessary.

At Parkerville Steiner College, we are committed to promoting the safety, health and wellbeing of children and young people and expect all school staff, parents, students, volunteers and visitors to the school to share that commitment.
